Subject: Meleen: 2012 tax return

Tim,

The Meleen Corporation tax returns for 2012 haven't arrived yet. Just checking to see if EPA can expect see them soon.

Our financial analyst informs me that the absolute very latest that she can do the analysis is this Thursday, Dec. 19, if she gets the 2012 tax return in the morning of that day (preferably in pdf form). She will then be out of the office on December 20 and not back until January 6. If you can get the tax return to us any sooner than that, it would be much appreciated.

If you're mailing them, my mailing address is
